**Regulatory Analysis Summary and Supporting Documentation:**

The amendment of the attached Rule should not increase any costs to the public as the amendments are proposed to streamline and clarify procedures before the Commission with regard to Fair Housing matters. There are no filing fees or other

costs associated with the amendments. By consolidating the definitions formerly in this Rule into another Rule, it will be easier for the public to navigate the Rules. There were no other reasonable alternatives to the proposed Rules as the Commission must comply with existing state law and this Rule clarifies existing procedures under those laws. Any confusing language was removed to simplify the terms of the Rule. There is no overlap between this Rule and that of any other state agency.
