Further, a proceeding shall be considered contested upon request for hearing by any four members of the Council.

4. APPLICATION FOR COUNCIL PERMITS

4.1 Proposed Actions Requiring a Council Permit:

- (1) All developments or operations within, above or beneath the tidal waters below the mean high water mark extending out to the extent of the state's jurisdiction in the territorial sea, and those occurring on coastal features or within all directly associated contiguous areas which are necessary to preserve the integrity of coastal resources, any portion of which extends onto the most inland shoreline feature of its 200 foot contiguous area, or as otherwise set out in the Coastal Resources Management Program, require a Council Assent. (See the Glossary section of the RICRMP for a definition of development)
- (2) The design, location, construction alterations(s), or operation of:
 - (a) Power generating and desalination plants;
 - (b) Chemical or petroleum processing, transfer or storage;
 - (c) Minerals extraction;

4.2 Information Requirements, Application Forms and Fees:

- (1) Application forms may be obtained from the Coastal Resources Management Council, Oliver Stedman Government Center, 4808 Tower Hill Road, Wakefield, R.I. 02879-1900, by calling (401) 783-3370, or from the CRMC website: www.crmc.ri.gov.
- (2) An application checklist/instruction sheet will be provided to each applicant together with required forms.
- (3) Applicants must complete four (4) application forms and return them together with the proper application processing fee to the Coastal Resources Management Council. Application processing fees are non-refundable in the event the CRMC denies an application or another state agency denies a permit that is a prerequisite for a CRMC Assent.
- (4) Public, Quasi-public Entity: The above fees may be waived for any public or quasi-public entity based upon a finding by the Executive Director of general public benefit.
- (5) Applicants shall be required to obtain and certify that they have in their possession current approvals from municipal bodies which are otherwise required for the proposed

action. Municipal approval shall be construed to mean compliance and conformity with all applicable comprehensive plans and zoning ordinances and/or the necessary variance, exception and other special relief there from (see RICRMP Section 300.1). However, qualifying businesses may be exempt from this requirement provided they meet the provisions of R.I.G.L. § 42-35-3.5.

- (6) Applicants shall further be required to obtain and certify that they have in their possession current approvals from all other agencies which are otherwise required for the proposed action. However, qualifying businesses may be exempt from this requirement provided they meet the provisions of R.I.G.L. § 42-35-3.5.
- (7) The above required municipal and state approvals shall be construed as a prerequisite for any application before the Council considers the application. The Council may waive the requirements of obtaining approvals in the usual sequence by a majority vote of the Council. - (8) In contested cases, the Subcommittee shall not proceed until it has received the comments from staff biologist, staff engineer, Historical Preservation Commission, and water quality certification comment.
- (9) Provided they meet the provisions of R.I.G.L. § 42-35-3.5, a qualifying business may request in writing a concurrent review at the time of filing a CRMC application. Upon receiving the written request, the CRMC will conduct a simultaneous application review with other applicable state agencies and the municipality provided the business obtains a preliminary determination from the local municipality that demonstrates the proposed project is consistent with the applicable municipal zoning ordinances. Under this process, the CRMC will not require prior approvals or permits from municipalities or state agencies under subsections 5 and 6 above to conduct the simultaneous review. The CRMC, however, will not issue the CRMC Assent until such time that the applicant submits to the CRMC the required municipal and state agency permits.

If an applicant and/or interested party is to be represented by an attorney, that party's attorney must enter an appearance in writing, to be placed on the notification list and be considered an attorney of record. The Council will make available an appropriate entry of appearance form. Should an attorney wish to withdraw his/her appearance, written notification must be sent to the Council, by registered or certified mail, return receipt requested, specifying the applicant's name and pending file number. Withdrawal may only be granted by leave of the Chairman or Executive Director.

- (4) The date of this notification shall commence a thirty (30) day comment period whereby comments concerning the application shall be received by the Council.
- (5) In the event that during this thirty (30) day period formal written objection and/or request for hearing is received by the Coastal Resources Management Council from an interested party and said formal written objection and/or request for hearing is substantiated by genuine and material reason as outlined in Section 110.3 of the RI CRMP therefore, the

matter shall then become a contested case under the rules and regulations of the Council, whereupon a public hearing may be scheduled at a time immediately following the thirty (30) day objection period.

- (6) Upon the expiration of the thirty (30) day period, the Council shall consider the application including staff reports and recommendations thereon, reports and recommendations from other state and local agencies thereon, and comments thereon.

When an application requires as a condition of assent that a deed restriction is necessary, the proposed language for said restriction shall be, unless the executive director determines the application would be better processed without it, made part of the staff reports to the council.

- (7) The Council shall further investigate and review the site of the proposed activity through one or more of its own members.
- (8) Thereafter, at a meeting of the Council, the application shall be considered and acted upon.
- (9) For applications that are lacking information to begin review, staff shall prepare a letter specifying the information necessary to begin the review of said applications. If no information or reply is received within thirty days, such applications shall be deemed deficient and shall not be accepted by the Council. The applicant shall be notified of this decision.

For applications that are active (accepted for review), staff may request additional information to aid in the review of said applications. If there is no communication or action on said request, staff shall prepare a letter, advising the applicant that such information shall be received within thirty days or said applications shall be canceled. If no reply is received within thirty days, the application shall be canceled by the Executive Director by letter (certified mail, return receipt requested). The file shall then be closed without prejudice to the applicant and the applicant notified as such.

Once a final staff report(s) is filed, an application cannot be revised except in the discretion of the executive director or the full council. The revision may be subject to the fee provisions of section 4.3.

Assents for activities on properties cited for a violation of the Program shall not be issued until all enforcement issues related to that property are resolved. This rule shall not apply when such applications are submitted to resolve an enforcement action, as directed by the Council's enforcement staff.

- (10) Whenever an application has been brought before the Council three (3) times, and the applicant or his legal counsel has failed to appear or offer an acceptable explanation for their absences, then the application shall be canceled without prejudice to the applicant.
- (11) Low and Moderate Income Housing

Low and moderate income housing project applications (ref. RIGL 45-53) received by the Council that seek the preferred status afforded under the Department of Administration's regulations that implement said statute shall include a letter from the affected community noting clearly that said community has an affordable housing plan and that said application is therefore seeking said preferred status.

5.2 Contested Cases

- (1) In the event an application or matter pending before this Council becomes a contested case as defined herein, the Council shall then schedule a public hearing before a duly authorized and appointed Subcommittee on the matter.

The subcommittee shall render a recommendation within thirty (30) days of the final hearing unless the Chairman of the Council extends such period.

- (2) In the case of hearings before a duly appointed subcommittee, the full hearing shall be before such subcommittee. A record shall be kept as provided herein. The subcommittee shall then report its recommendations to the full Council. The record shall be available to the full Council and all parties of record. After the subcommittee recommendation is formally submitted to the full Council, parties may present new evidence before the full Council at the full Council hearing.
- (3) Upon hearing all of the facts and reviewing the record in its entirety, the Council shall render its decision in accordance with Chapter 42-35 of the General Laws.
- (4) In any contested case, all parties shall be served with such notice as may be provided for by law, or, in the absence of such provision, as may be ordered by the Council.

- (6) In the event that an applicant does not appear before a duly scheduled subcommittee hearing in accordance with Section 46-23-6 and 42-35-9 (d) of the General Laws, a default shall be entered against the applicant, except the Chairman, if he determines there is good cause for the applicant not appearing, may waive this requirement.
- (7) In the event that no interested party in opposition to the application appears at the subcommittee, and the applicant has not requested the opportunity to examine staff members or other state agency commentators, then the matter shall be declared an uncontested case and be assigned to the next undocketed regular Council meeting.

- (8) At any Council hearing on any application, the applicant or his legal representative must be present. In extraordinary circumstances, the Council may allow an immediate family member to speak on behalf of the applicant, but this shall be in the sole discretion of the Chairman.

5.6 Pre-hearing Conference Rule

- (1) In any proceeding the Council upon its own motion, or upon the motion of one of the parties or their qualified representatives, may in its discretion direct the parties or their qualified representatives to appear at a specified time and place for a conference to consider:
 - (a) the simplification of the issues;
 - (b) the necessity of amendments of the Pleadings;
 - (c) possibility of obtaining stipulations, admissions of facts and of documents;

- (d) the limitation of the number of expert witnesses;
 - (e) such other matters as may aid in the disposition of the proceedings.

5.7 Continuances:

Any party who desires a continuance shall, immediately upon receipt of notice of a hearing, or as soon thereafter as facts requiring such continuance come to his knowledge, notify the Chairman of the CRMC or Executive Director of said desire, stating in detail the reasons why such continuance is necessary. Requests by a party to continue a hearing before the full Council may only be granted by the Chairman of the CRMC or the Executive Director and only for good cause shown. Such requests must be in writing and received by the Chairman of the CRMC or the Executive Director 24 hours in advance of the hearing. The Council generally will not grant requests for continuances when not received in writing and/or within less than 24 hours notice. Continuance requests are subject to the fee provisions of section 4.3.

Requests made in Advance for Subcommittee Hearings. Requests by a party to continue a Subcommittee hearing must be made in writing 24 hours prior to the day of the scheduled Subcommittee hearing. Such requests may be granted only by the Chairman of the CRMC, the Executive Director, the Chairman of the Subcommittee, or the acting Chairman of the subcommittee for good cause shown and may be subject to a \$750.00 administrative fee to cover costs incurred by the Subcommittee.

Requests by a party to continue a Subcommittee hearing made on the day of the hearing or at the hearing may be granted only by the Chairman of the CRMC, Executive Director, Chairman of the Subcommittee, or acting Chairman of the subcommittee, for good cause shown and shall be assessed an administrative fee. However, such fee shall not be assessed at less than \$750.00 to cover administrative costs incurred by the Subcommittee in conducting such hearing. The Chairman of the CRMC, Executive Director, Subcommittee Chairman, or acting Subcommittee Chairman shall not grant such continuance unless given adequate assurances by the moving party that the administrative fee shall be paid prior to the next scheduled hearing. Nothing herein shall prohibit the Council or Subcommittee, other than at the request by a moving party, as above described from continuing a hearing upon its own motion.

During a hearing, if it appears in the public interest or in the interest of justice that further testimony or argument should be received, the Council or Subcommittee may in its discretion continue the hearing and fix the date for introduction of additional evidence or presentation or argument. Such oral notice shall constitute final notice of such continued hearing.

After close of the Subcommittee hearing by the Subcommittee Chairman, the Subcommittee may not reopen hearings unless the matter is referred back to the Subcommittee from the full Council or the Chairman of the Council. Any new evidence may be presented to the full

Council at the full Council hearing.

- (1) Subject to the provision of law and to the other provisions of these rules, all relevant evidence is admissible which, in the opinion of the Council, is the best evidence reasonably obtainable, having due regard for its necessity, availability and trustworthiness. In passing upon the admissibility of evidence, the Council shall give consideration to, but (except to the extent required by law) shall not be bound to follow, the rules of evidence governing civil proceedings, in matters not involving trial by jury, in the Superior Court of the State of Rhode Island.
- (2) When objection is made to the admissibility of evidence, such evidence may be received subject to a later ruling. The Council may in its discretion, either with or without objection, exclude inadmissible evidence or order cumulative evidence discontinued. Parties objection to the introduction of evidence shall state the precise grounds of such objection at the time such evidence is offered.
- (3) When new evidence is proffered to the Council, the Council may accept or reject the proffered evidence, or remand the matter in whole or in part to a subcommittee for further proceedings.

All parties to an application shall provide a list of all expert and lay witnesses it intends to present, as well as the subject matter on which the witness is expected to testify to the Council or subcommittee after completion of the CRMC staff reports and not less than five (5) business days prior to the scheduled hearing.

5.10 Transcripts

Transcripts of testimony shall be available at the Council's office for examination by any party to the proceeding until expiration of the time during which any appeal or petition for judicial review authorized by law may be filed. Thereafter such a transcript shall not be available for examination by any person except with the approval of the Council after notice to all parties to such proceeding. If any party files proceedings for judicial review, the Council shall, upon request by any party, supply to such party a copy or copies of the transcript of the proceedings before it at such reasonable charge as the Council shall establish.

5.11 Finding of Fact

Any party may, at the conclusion of a hearing or within such later time as may be fixed by the Council, submit to the Council proposed findings of fact, copies thereof to be served upon each party to the proceedings.

5.12 Permit Extensions

Where the Council has issued a permit to undertake an activity in accordance with this Program, said permit shall require such activity licensed or permitted thereunder to be completed within (3) years from the date of issuance unless specifically granted a longer

period of time by the Council. Extensions may be granted for good cause demonstrated by the applicant. Additionally, in determining whether to grant an extension, the Council will consider whether there has been a substantial change in the environmental conditions on the site, whether the CRMP has been amended such that the activity would now require variances or special exceptions, or additional variances or special exceptions, and whether the applicant has made a good faith effort to undertake construction of the permitted activity. In the event an applicant or his agents cannot complete said activity within the three (3) year permitted time, unless specifically granted a longer period of time by the Council, the permit shall expire unless the applicant files a timely petition with the Council for a permit extension. The applicant may, prior to the expiration of said time, petition the Council in writing for an extension. Extensions may be granted for projects only if it has been determined by staff that the work accomplished is in compliance with the conditions of approval established by the Council.

The Executive Director in his discretion for cause shown may administratively grant an extension for a period of time of up to one (1) year from the expiration date of the permit. The Executive Director may grant a maximum of three (3) one (1) year extensions. A fourth and final one (1) year extension may be granted only by the Council and only for a period of time of up to one (1) year. However, for projects associated with public infrastructure, the Council may grant extensions for more than one (1) year.

Large Scale Projects are generally commercial or public projects which due to their size, complexity and scope have construction schedules which, at reasonable rates of build-out, exceed seven (7) years. The applicant may, prior to the expiration of a permit, petition the Council in writing for an extension beyond that period of time originally and specifically granted by the Council. The Council may grant an extension that exceeds the permitted assent completion date upon demonstration of a good faith effort to meet construction timelines. The granting of an extension by the Council shall be the minimum necessary to complete the project, but shall not exceed 10 years beyond that period of time originally and specifically granted by the Council. In granting this extension the Council may place additional conditions on the previous permit that may be necessary to bring remaining elements of the project in conformance with current regulatory standards.

A notification of permit extension shall be mailed to appropriate municipal and state agencies.

Where a proposed activity requires a Section 401 Water Quality Certification (WQC) (or its waiver) from the RIDEM as a prerequisite of the Rhode Island Coastal Resources Management Program (RICRMP), the applicant shall obtain the WQC, its waiver, or its denial within one (1) year from the date of public notice otherwise the prerequisite will be waived. However, if the applicant has not obtained the section 401 Water Quality Certificate, its waiver, its cancellation, or its denial within one (1) year of the date of public notice, the prerequisite contained in the RI CRMP may be waived by the Executive Director in his discretion if he determines that there is no significant potential for the proposed activity to result in a discharge of pollutants into the state's coastal waters. Thirty (30) days prior to waiving the section 401 WQC of the RI CRMP, the Council shall notify the RIDEM that it is considering such a waiver.

If, at any time, the RIDEM issues a denial for a section 401 WQC, then the applicant shall have thirty (30) days after such final determination of denial to obtain a Section 401 WQC otherwise the application and/or the Council's approval shall be canceled.

5.13 Modification of Actions

For good cause, a majority of the Coastal Resources Management Council members present at a bi-monthly meeting of the full Council, wherein action is to be taken, may vote to modify any said action taken hereunder provided reasons for such modifications are set forth on the record and in the minutes of the meetings, provided however, that the modification relates only to items on the bi-monthly agenda.

A notification of modification of action shall be mailed to appropriate municipal and state agencies.

5.14 Withdrawal of Applications

The applicant, at any time up to the date that final staff reports are filed, may withdraw the application without prejudice. After staff reports have been filed, the application may be withdrawn only with the permission of the Council. Once the application has been withdrawn, the matter may only be considered again if the applicant submits a new application with the appropriate fee.

5.15 Federal Consistency Determinations and Certifications:

- (1) Council review and notification of federal consistency certification applications for non-federal direct activities, federal permits, licenses, approvals, and federal assistance, shall be in accordance with the Rhode Island Coastal Resources Management Program and these Management Procedures.
- (2) For purposes of notification and review, Council review of direct federal activity consistency determinations shall be considered starred (*) administrative applications except for those activities which the Council has determined have de-minimus impact.
- (3) Pursuant to the review and response allowances contained at 15 CFR 930.41, a 15-day notice period will commence upon receipt of the federal consistency determination. In the event that during the fifteen (15) day comment period a formal written objection is received by the Council from an interested party, the objection must substantiate by evidence that the proposed federal activity does not conform with the RICRMP. Such objection shall describe the reasons for the objection and provide alternative measures, if they exist, that would, in the objectors opinion, make the activity consistent with the RICRMP.
- (4) Upon reviewing the record, the Executive Director shall render a decision on the consistency of the proposed direct federal activity based on the enforceable policies of the RICRMP and pursuant to section 307 of the Federal CZMA, or refer such matter to the full Council for such decision.
- (5) The Council's action on the consistency of the proposed direct federal activity shall follow the certification and appeal processes and procedures found in 15 CFR 930 et. seq.
- (6) The Council may rely upon the public notice provided by the Federal agency proposing the activity or reviewing the application for the federal license or permit when such

notice satisfies these requirements.

- 5.16** The Council will not act upon the same request unless there has been a substantial or material change in the circumstances regarding the application or the action of the Council.

6. PRACTICE BEFORE THE COUNCIL

- 6.1** Any person may appear before the Council in his own behalf. Any person or party who has an interest in any matter before the Council may appoint an attorney to represent him before the Council.

8.2 Findings of Fact

If set forth, the statutory language shall be accompanied by a concise and explicit statement of the underlying facts supporting the findings. These facts shall be based exclusively upon the record and matters officially noticed. The parties and their attorneys of record shall be notified of the decision of the Council. The City or Town clerk and the local building official of the community of which the assent is granted shall be sent a copy of the assent or its denial.

At any time prior to the expiration of an assent, the full Council by majority vote may, based upon the evidence presented to it, modify an assent. The City or Town clerk and the local building official in the community shall be notified of the modification.

The Council authorizes the Executive Director in his discretion to modify an assent or final decision of the Council when the requested modification is consistent with the prior approval of the Council and the applicant and staff review have clearly demonstrated to the Executive Director's satisfaction that the project's overall impact to the state's coastal resources will be less than or equal to the existing assent or decision.

8.4 Permit Revocation

The Council may revoke a permit for noncompliance with or violation of its terms after written notice of intention to do so has been given the holder, and the holder, in return, has been given the opportunity to present evidence to the contrary to the Council. Financial hardship on the part of a holder shall not be a defense to the revocation of a permit. The Council may also revoke a permit if it finds that the holder or his agent submitted relevant false information to the Council.

9. SERVICE OF PROCESS

9.1 Service. The Council shall cause to be served all orders, notices and other papers issued by it, together with any other papers which it is required by law to serve. Every other paper shall be served or caused to be served by the party filing.

The Council's decisions on declaratory ruling petitions shall be treated as final Council actions or orders in contested cases for the purposes of judicial review.

13. JUDICIAL REVIEW OF CONTESTED CASES

- 13.1** Any person who has exhausted all administrative remedies available to him or her within the agency, and who is aggrieved by a final decision in a contested case is entitled to judicial review under this chapter. This section does not limit utilization of or the scope of judicial review available under other means of review, redress, relief, or trial de novo provided by law. Any preliminary, procedural, or intermediate agency act of ruling is immediately reviewable in any case in which review of the final agency decision would not provide an adequate remedy.
- 13.2** Proceedings for review are instituted by filing a complaint in the Superior Court of Providence County within (30) days after mailing notice of the final decision of the agency or, if a rehearing is requested, within thirty (30) days after the decision concerning the assessment or determination of any tax, interest or penalty made by the tax administrator must pay the amount of such tax, interest or penalty to said administrator as a prerequisite to the filing of such complaint. Copies of the complaint shall be served upon the agency and all other parties of record in the manner prescribed by applicable procedural rules.
- 13.3** The filing of the complaint does not itself stay enforcement of the agency decision. The agency may grant, or the reviewing court may order, a stay upon appropriate rules.
- 13.4** Within thirty (30) days after the service of the complaint, or within further time allowed by the court, the agency shall transmit to the reviewing court the original or a certified copy of the entire record of the proceeding under review. By stipulation of all parties of the review proceedings, the record may be shortened. Any party unreasonably refusing to stipulate to limit the record may be taxed by the court for the additional costs. The courts may require or permit subsequent corrections or additions to the record.

- 13.5** If, before the date set for hearing, application is made to the court for leave to present additional evidence, and it is shown to the satisfaction of the court that the additional evidence is material and that there were good reasons for failure to present it in the proceeding before the agency, the court may order that the additional evidence be taken before the agency upon conditions determined by the court. The agency may modify its findings and decision by reason of the additional evidence and shall file that evidence and any modifications, new findings of decisions with the reviewing court.
- 13.6** The review shall be conducted by the court without a jury and shall be confined to the record. In cases of alleged irregularities in procedure before the agency, not shown in the record, proof thereon may be taken in the court. The court, upon request, shall hear oral argument and receive written briefs.
- 13.7** The court shall not substitute its judgment for that of the agency as to the weight of the evidence on questions of fact. The court may affirm the decision of the agency or remand the case for further proceedings, or it may reverse or modify the decision if substantial rights of the appellant have been prejudiced because the administrative findings, inferences, conclusions or decisions are:
- (1) in violation of constitutional or statutory provisions;
 - (2) in excess of the statutory authority of the agency;
 - (3) made upon unlawful procedure;
 - (4) affected by other error of law;
 - (5) clearly erroneous in view of the reliable, probative, and substantial evidence on the whole record; or
 - (6) arbitrary or capricious or characterized by abuse of discretion or clearly unwarranted exercise of discretion.

14. ADOPTION OF MANAGEMENT POLICIES

- 14.1** Adoption of Management Policies and rule making shall be in accordance with Title 42, Chapter 35 of the General Laws of the State of Rhode Island and further in accordance with the rules and regulations and procedures set forth herein.

 - (4) Make available for public inspection all final orders, decision and opinions.

14.3 No Council rule, order, or decision is valid or effective against any person or party, nor may it be invoked by the Council for any purpose, until it has been made available for public inspection as herein required, except that this provision is not applicable in favor of any person or party who has actual knowledge thereof.

14.4 Prior to the adoption, amendment, or repeal of any rule the Council shall:

- (1) Give at least thirty (30) days notice of its intended action. The notice shall include a statement of either the terms or substance of the intended action or a description of the subjects and issues involved, and of the time when, the place where, and the manner in which interested persons may present their views thereon. The notice shall be mailed to all persons who have made timely request of the Council for advance notice of its rule-making proceeding and published in a newspaper or newspapers having aggregate general circulation throughout the state, provided, however, that if said action is limited in its applicability to a particular area, then said publication may be in a newspaper having general circulation in said area.
- (2) Afford all interested persons reasonable opportunity to submit data, views, or arguments, orally or in writing. In case of substantive rules, opportunity for oral hearing must be granted if requested by twenty-five (25) members. The Council shall consider fully all written and oral submissions respecting the proposed rule. Upon adoption of a rule, the Council, if requested to do so by an interested person, either prior to adoption or within thirty (30) days thereafter, shall issue a concise statement of the principal reasons for and against its adoption, incorporating therein its reasons for overruling the considerations urged against its adoption.

14.5 If the Council finds that an imminent peril to the public health safety or welfare requires adoption of a rule upon less than thirty (30) days' notice, and states in writing its reasons for that finding, it may proceed without prior notice or hearing or upon any abbreviated notice and hearing that it finds practicable, to adopt an emergency rule. The rule so adopted may be effective for a period of not longer than one hundred twenty (120) days renewable once for a period not exceeding ninety (90) days.

14.6 No rule hereafter adopted is valid unless adopted in substantial compliance with this section, but no contest of any rule on the ground of non-compliance with the procedural requirements of this section may be commenced after two (2) years from its effective date.

14.7 Filing and Taking Effect of Rules

- (1) The Council shall file forthwith in the office of the Secretary of State a certified copy of each rule adopted by it. The Secretary of State shall keep a permanent register of the rules open to public inspection.
- (2) Each rule hereafter adopted is effective twenty (20) days after filing, except that:
 - (a) if a later date is required by statute or specified in the rule, the later date is the effective date;
 - (b) subject to applicable constitutional or statutory provisions, an emergency rule may become effective immediately upon filing with the Secretary of State, or at a stated date less than twenty (20) days thereafter, if the Council finds that this effective date is necessary because of imminent perils to the public health, safety, or welfare. The Council's finding and a brief statement of the reasons therefore shall be filed

with the rule in the office of the Secretary of State. The Council shall take appropriate measures to make emergency rules known to the persons who may be affected by them.

14.8 Petition for Adoption of Rules

Any interested person may petition the Council requesting the promulgation, amendment or repeal of any rule. The Council shall prescribe by rule the form for petitions and the procedure for their submission, consideration, and disposition. Upon submission of a petition, the Council within thirty (30) days shall either deny the petition in writing (stating its reasons for the denials) or initiate rule-making proceedings.

15. ACCESS TO PUBLIC RECORDS

15.1. Purpose & Authority

The Coastal Resources Management Council is a public agency subject to the provisions of the Rhode Island Access to Public Records Act (APRA), codified at R.I.G.L. § 38-2-1, *et seq.*, and these Regulations are being adopted under the authority of that Act.
