CONCISE EXPLANATORY STATEMENT

Insurance Regulation 97 – Notice of Material Changes upon Renewal of Personal Motor Vehicle, Homeowner and Residential Fire Insurance

The Department of Business Regulation (“Department”) hereby adopts amendments to Insurance Regulation 97 effective _____ and makes this statement in accordance with R.I. Gen. Laws § 42-35-2.3. The Department makes these amendments in order to bring the regulation into compliance with the statutory changes made in the last legislative session and effective July 1, 2015. There are five differences between the text of the proposed rule as published in accordance with R.I. Gen. Laws § 42-35-3 and the rule as adopted. Those differences are:

1. Section 2 – removed the exception for hurricane deductible notices pursuant to R.I. Gen. Laws § 27-76.
2. Section 3(c) – added “not made at the request of the insured” to the definition of Material Change.
3. Sections 4 (a) and (c) – substituted the defined term “Material Change” for the language in the definition.
4. Section 5 – removed language concerning more favorable coverage since the amended statute only applies to reductions in coverage.

The Department received other comments which it declined to address by changes in the regulation. Those comments were as follows:

1. The Department did not include a requested change to section 4(e) concerning cases in which an inflation coverage adjustment triggers a higher hurricane deductible because it is the Departments position that in such a case the insurer must provide notice of the hurricane deductible under R.I. Gen. Laws §27-76.

Attached is the regulation showing the proposed amendments and the differences between the proposed text and regulation as adopted.

(b) “Insurer” shall mean an individual insurer or an insurance group. For example, if an insured is transferred from one insurer to another within an insurance group, the notice requirements of this regulation apply.

(d) “Renewal” or “to renew” shall mean the issuance of, or the offer by an insurer to issue, a policy succeeding a policy previously issued and delivered by the same insurer, or the issuance of a certificate or notice extending the term of an existing policy for a specified period beyond its expiration date.

Section 4 Notice of Material Changes upon Renewal

(a) Upon an offer to renew, an insurer shall provide, at least thirty (30) days prior to the expiration of the policy, written notice of any Material Changes in policy to the named insured. The notice must be prominent, in clear and unambiguous language and must fully disclose all details of the change.

(b) The notice must be included in or sent at the same time as the policy issuance or renewal package.

(c) The notice shall itemize and describe the policy coverages, reductions, eliminations or increased deductibles.

(d) The notice shall itemize and describe the Material Change.

(e) The policyholder shall be notified that the policy renewal contains the "NOTICE OF REDUCTION IN COVERAGE" by one of the following manners:

COVERAGE” and such reductions shall be in the first few pages of the renewal policy package.

(e) This section shall not apply to a material change requested by the insured, including changes requested by the insured at the time of application that would typically occur at the renewal date for as long as the policy is in force, such as inflation coverage adjustment features and other similar policy elements.

- 1) There is no exception to notice of hurricane deductibles under R.I. Gen. Laws § 27-5-3.7. Therefore, even if the introduction of or the change to a hurricane deductible is requested by the insured, notice as described above must still be given.

If the named insured elects not to renew, any earned premium for the period of extension of the terminated policy shall be calculated pro rata at the lower of the current or previous year’s premium. If the insured accepts the renewal, the material changes of which the insured was notified in accordance with this Regulation shall be effective on the renewal date.

Section 6 Proof of Notice

An insurer shall be responsible for ensuring that a notice of material changes is provided to the named insured as provided in this regulation and shall be able to demonstrate that such notice was provided.

Section 7 Applicability

To the extent that this Regulation conflicts with existing regulation(s), the notice of material changes requirements enumerated herein shall apply.
