RULE 2

INTERSTATE RECIPROCAL COVERAGE ARRANGEMENT

This rule shall govern the Rhode Island Department of Labor and Training in its administrative cooperation with other States subscribing to the Interstate Reciprocal Coverage Arrangement, hereinafter referred to as "the Arrangement."

A. Definitions

As used in this Rule, unless the context clearly indicates otherwise:

- (1) "Jurisdiction" means any State of the United States, the District of Columbia, the Virgin Islands, Puerto Rico, any Province of Canada or, with respect to the Federal government, the coverage of any Federal unemployment insurance law;
- (2) "Participating Jurisdiction" means a jurisdiction whose administrative agency has subscribed to the arrangement and whose adherence thereto has not been terminated;
- (3) "Agency" means any officer, board, commission, or other authority charged with the administration of the unemployment compensation law of a participating jurisdiction;
- (4) "Interested Jurisdiction" means any participating jurisdiction to which an election submitted under this rule is sent for its approval; and "interested agency" means the agency of such jurisdiction;
- (5) "Services 'customarily performed' by an individual in more than one jurisdiction" means services performed in more than one jurisdiction during a reasonable period, if the nature of the services gives reasonable assurance that they will continue to be performed in more than one jurisdiction or if such services are required or are expected to be performed in more than one jurisdiction under the election.

B. Submittal and approval of coverage elections under the Interstate Reciprocal Coverage Arrangement.

- (1) Any employing unit may file an election, on Form TX-36 to cover under the law of a single participating jurisdiction all of the services performed for him/her by any individual who customarily works for him/her in more than one participating jurisdiction.

Such an election may be filed, with respect to an individual, with any participating jurisdiction in which (1) any part of the individual's services are performed; (2) the individual has his/her residence; or (3) the employing unit maintains a place of business to which the individual's services bear a reasonable relation.

- (2) The agency of the elected jurisdiction (thus selected and determined) shall initially approve or disapprove the election.

If such agency approved the election, it shall forward a copy thereof to the agency of each other participating jurisdiction specified thereon, under whose unemployment compensation law the individual or individuals in question might, in the absence of such election, be covered. Each such interested agency shall approve or disapprove the election, as promptly as practical; and shall notify the agency of the elected jurisdiction accordingly.

In case its law so requires, any such interested agency may, before taking such action, require from the electing employing unit satisfactory evidence that the affected employees have been notified of, and have acquiesced in, the election.

- (3) If the agency of the elected jurisdiction, or the agency of any interested jurisdiction, disapproves the election, the disapproving agency shall notify the elected jurisdiction and the electing employing unit of its action and of its reason therefor.
- (4) Such an election shall take effect as to the elected jurisdiction only if approved by its agency and by one or more interested agencies.
- (5) An election thus approved shall take effect, as to any interested agency, only if it is approved by such agency.

- (6) In case any such election is approved only in part, or is disapproved by some of such agencies, the electing employing unit may withdraw its selection within ten days after being notified of such action.

C. Effective Period of Elections

- (1) **Commencement.** An election duly approved under this Rule shall become effective at the beginning of the calendar quarter in which the election is submitted, unless the election, as approved, specifies the beginning of a different calendar quarter.

If the electing unit requests an earlier effective date than the beginning of the calendar quarter in which the election is submitted, such earlier date may be approved solely as to those interested jurisdictions in which the employer has no liability to pay contributions for the earlier period in question.

- (2) **Termination**

- (a) The application of an election to any individual under this Rule shall terminate if the agency of the elected jurisdiction finds that the nature of the services customarily performed by the individual for the electing unit has changed, so that they are no longer customarily performed in more than one participating jurisdiction. Such termination shall be effective as of the close of the calendar quarter in which notice of such findings is mailed to all parties affected.
- (b) Except as provided in subparagraph (a), each election approved hereunder shall remain in effect through the close of the calendar year in which it is submitted, and thereafter until the close of the calendar quarter in which the electing unit gives written notice of its termination to all affected agencies.
- (c) Whenever an election under this Rule ceases to apply to any individual, under subparagraph (a) or (b), the electing unit shall notify the affected individual accordingly.

D. Reports and Notices by the Electing Unit

- (1) The electing unit shall promptly notify each individual affected by its approved election, on Form TX-36 supplied by the elected jurisdiction, and shall furnish the elected agency a copy of such notice.
- (2) Whenever an individual covered by an election under this Rule is separated from his/her employment, the electing unit shall again notify him/her, forthwith, as to the jurisdiction under whose unemployment compensation law his services have been covered. If at the time of termination the individual is not located in the elected jurisdiction, the electing unit shall notify him/her as to the procedure for filing interstate benefit claims.
- (3) The electing unit shall immediately report to the elected jurisdiction any change which occurs in the conditions of employment pertinent to its election, such as cases where an individual's services for the employer cease to be customarily performed in more than one participating jurisdiction or where a change in the work assigned to an individual requires him/her to perform services in a new participating jurisdiction.

E. Approval of Reciprocal Coverage Elections

The authority to approve or disapprove reciprocal coverage elections rests with the Director.

 - (1) He/she is examined by a licensed Qualified Healthcare Provider, as defined by the Director, within the calendar week in which the first day of unemployment due to sickness occurs or within the calendar week prior or subsequent thereto; provided, however, that for good cause as shall be determined by the Director, an examination by a licensed Qualified Healthcare Provider within any other period may be considered as having been made within the period herein set forth.

RULE 24

PAYMENT OF BENEFITS TO INTERSTATE CLAIMANTS

- A. This Rule shall govern the RI Department of Labor and Training in its administrative cooperation with other states adopting a similar Rule for the payment of benefits to interstate claimants.

B. Definitions

As used in this Rule the following terms shall have the following meanings, unless the context clearly requires otherwise:

- (1) "Interstate Benefit Payment Plan" means the plan approved by the Interstate Conference of Employment Security Agencies under which benefits shall be payable to unemployed individuals absent from the State (or States) in which benefit credits have been accumulated.
- (2) "Interstate Claimant" means an individual who claims benefits under the unemployment insurance law of one or more liable States through the facilities of an agent State. The term "interstate claimant" shall not include any commuter; provided, however, that the RI Department of Labor and Training may, by arrangement with any adjoining State Employment Security Agency, treat certain commuters as interstate claimants if they reside in geographical areas from which the liable State finds that requiring commuters to file their benefit claims in the State of their last employment would cause undue hardship to such claimants. As herein used, the term "commuter" applies to each individual who, customarily commuted from his/her residence in the agent State to his/her work in the liable State.
- (3) "State" includes Puerto Rico, Virgin Islands and the District of Columbia.
- (4) "Agent State" means any State in which an individual files a claim for benefits from another State or States.
- (5) "Liable State" means any State against which an individual files, through another State, a claim for benefits.
- (6) "Benefits" means the compensation payable to an individual, with respect to his/her unemployment, under the unemployment insurance law of any State.
- (7) "Week of Unemployment" includes any week of unemployment as defined in the law of the liable state from which benefits with respect to such week are claimed.

C. Registration for Work

- (1) Each interstate claimant shall be registered for work, through any public employment office in the agent State when and as required by the law, rules, and procedures of the agent State. Such registration shall be accepted as meeting the registration requirements of the liable State.
- (2) Each agent State shall duly report, to the liable State in question, whether each interstate claimant meets the registration requirements of the agent State.

D. Benefit Rights of Interstate Claimants

- (1) If a claimant files a claim against any State, and it is determined by such State that the claimant has available benefit credits in such State, then claims shall be filed only against such State as long as benefit credits are available in that State. Thereafter, the claimant may file claims against any other State in which there are available benefit credits.

For the purposes of this Rule benefit credits shall be deemed to be unavailable whenever benefits have been exhausted, terminated, or postponed for an indefinite period or for the entire period in which benefits would otherwise be payable, or whenever benefits are affected by the application of a seasonable restriction.

E. Claims for Benefits

- (1) Claims for benefits or waiting period shall be filed using the Call Center telephone system, or Internet system, or any other system that the Director prescribes and in accordance with Rule 17 and Rule 27.
- (2) Claims shall be filed by contacting the department's Call Center, in local offices, or by mail in accordance with agent State rule for interstate mail claims.

F. Extension of Interstate Benefit Payments to Include Claims Taken in and for Canada

RULE 30

TDI - LIMIT ON PARTIAL PAYMENTS

The Temporary Disability Insurance (TDI) partial return to work law allows people collecting TDI to return to work on a partial basis (reduced hours) without cutting off their TDI benefits entirely. The spirit and intent of the legislation is for individuals to transition back into the workforce from an illness or injury. As such, partial return to work benefits facilitates transition for the individual to return to their normal working hours while continuing their recuperation. Partial payments are available for a short term basis to allow the individual to transition back to their customary work and work schedule; therefore, a standard of an eight (8) week maximum is allowed under this benefit. Partial payments may be extended up to twelve (12) weeks total when clearly supported by medical documentation provided by the Qualified Healthcare Provider and subject to agency review and approval. No more than twelve (12) weeks total maximum may be paid under the Partial Return to Work Program.
