C. A reinsurance eligible issuer shall ensure that it is able to readily identify the reinsurance eligible individual associated with the identification number it assigns under § 2.4(A)(5)(a) of this Part and shall provide this identifying information to the Director upon request.

2.5 Reinsurance Parameters

A. Annually, the Director will set an attachment point, cap, and coinsurance rate for the reinsurance program for the upcoming year based on anticipated revenue and recently reported premium, enrollment, and claims data.

2.6 Reinsurance Payments

A. A reinsurance eligible issuer becomes eligible for a reinsurance payment when the claims costs for at least one reinsurance eligible individual's covered benefits in a calendar year exceed the attachment point.

2. The Director will uniformly reduce or increase the coinsurance rate to the extent necessary, but at no time shall the increase exceed 100%, to ensure that reinsurance payments equal the total available funding for the benefit year, as determined by the Director in his or her sole discretion.

3. In making the calculation under § 2.6(B)(1) of this Part, the Director in his or her sole discretion may disregard any or all reinsurance eligible claims reported by a reinsurance eligible issuer under § 2.4 of this Part that cannot be verified as part of the audit described under § 2.7(A)(1) of this Part.

C. The program will issue reinsurance payments to all reinsurance eligible issuers on an annual basis in the year following each benefit year.

D. Payments will be made directly to reinsurance eligible issuers by a method designated by the Director.

E. The program will not issue reinsurance payments if the Director determines that a reinsurance eligible issuer has substantively failed to comply with this Part.

2.7 Duties of the Administrator

A. The program shall be administered by the Director. As administrator of the program, the Director may:

6. Use, access, store, and disclose the information submitted to the program under § 2.4 of this Part, including disclosing the information to the Office of the Health Insurance Commissioner for the purposes of ensuring the efficient administration of the program and to reduce the reporting burden on issuers.

2.8 Document Retention and Audits

A. A reinsurance eligible issuer must maintain documents and records, whether paper, electronic, or in other media, sufficient to substantiate its requests for reinsurance payments made pursuant to this Part for a minimum period of 10 years and must make those documents and records available to the program upon request by the Director for purposes of verification, investigation, or audit.

B. The Director may audit a reinsurance eligible issuer to assess its compliance with the requirements of this Part. The reinsurance eligible issuer must ensure that its

relevant contractors, subcontractors, or agents cooperate with any audit under this Part. If an audit results in a finding of material weakness or significant deficiency with respect to compliance with any requirement of this Part, the reinsurance eligible issuer must complete all of the following:

1. Within 30 calendar days of the issuance of the final audit report, provide a written corrective action plan to the program for approval;

2. Implement that plan; and

3. Provide to the program written documentation of the corrective actions once taken.

C. If, at the conclusion of an audit, the Director determines that a reinsurance eligible issuer received excess reinsurance payments, at the request of the Director the reinsurance eligible issuer shall return the excess payments to the program in a manner to be determined by the Director within 30 days of his or her request.

2.9 Severability

A. If any provisions of this Part or the application thereof to any person or circumstance shall be held invalid, such invalidity shall not affect the provisions or application of these regulations which can be given effect, and to this end the provisions of these regulations are declared to be severable.
