These rules and regulations are promulgated pursuant to the authority conferred under section 5-54-7(c) of the General Laws of Rhode Island, as amended, and are established for the purpose of adopting administrative procedures and standards for the licensure of physician assistants.

Pursuant to the provisions of section 42-35-3(c) of the General Laws of Rhode Island, as amended, consideration was given to: (1) alternative approaches to the regulations; (2) duplication or overlap with other state regulations; and (3) significant economic impact placed on small business as defined in Chapter 42-35 of the General Laws as a result of the amended regulations. No alternative approach, overlap or duplication nor any significant economic impact was identified, consequently the regulations are adopted in the best interest of the health, safety and welfare of the public.

These rules and regulations shall supersede all previous rules and regulations pertaining to the licensure of physician assistants promulgated by the Department of Health and filed with the Secretary of State.
