appliances as required by law. Consequently, the sale of motor vehicles must not be carried on as a sideline by any other type of business.

- a. Any scrap/salvage dealers must set up an entirely separate place of business and comply with those minimum requirements to operate as a motor vehicle dealer.
- b. Any gasoline filling station who desires to become a motor vehicle dealer must, in addition to meeting all other requirements, remove all retail gasoline pumps and signs.

The business must be housed in one (1) building, on the premises, which contains at least two thousand four hundred (2,400) square feet of enclosed and heated floor space to provide a suitable office and space where motor vehicles may be properly repaired and serviced. At the Board's discretion, service facilities may be maintained in a separate building. Any applicant requesting a license to deal in motor vehicles who presently maintains or intends to apply for a competitive body shop license must provide at least two thousand four hundred (2,400)square feet of enclosed and heated floor space in addition to any other license requirements. A minimum requirement for lot display must be two thousand four hundred (2,400)square feet. This place of business must be used exclusively by the dealer for the purpose of displaying, repairing, buying and selling vehicles. Dealers, solely in the business of buying and selling motor scooters, motorcycles and mopeds, will be licensed to sell these vehicles only. The place of business for such dealers must be housed in a building that measures at least one thousand two hundred (1,200) square feet of enclosed and heated space, to provide suitable office and space where cycles may be properly repaired and serviced. Such dealer's license must be stamped "for mopeds, motorcycles, or motor scooters only". Dealer plates issued to such dealers may only be used on mopeds, motorcycles, or motor scooters, and may not be used on other motor vehicles.

C. Proof of Ownership or Lease

1. Every dealer must provide the Department at the time of application for a dealer's license with proof of ownership (copy of deed) of the place of business, or with a copy of a formal signed lease for the place of business, including the square feet and outside display area, that is at least one (1) year in duration.

D. Change in Location

1. When a change in location is contemplated, notification shall be made to the Department on whatever forms the Department requires and must be approved by this Department prior to the relocation. If the new location has not been previously approved by the Department, the same procedure shall be followed as if it were a new application.

E. Zoning

1. Every applicant for a dealer's license who desires to operate in any city or town which has a zoning law or zoning regulations must submit proof, in writing, that the property on which he intends to conduct his motor vehicle dealership is properly zoned for the business of dealing in motor vehicles. If a town or city requires a license to sell motor vehicles, this office must receive a copy of that license in lieu of the zoning approval notice.

G. Display of License

1. Every dealer must conspicuously display the dealer's license at the location for which it was issued.

The words and lettering of the sign must be of a size sufficiently large enough to be readily discerned. The total size of the sign must be a minimum of twenty-four (24) square feet, or the maximum size under local zoning ordinances if such ordinances restrict signs to less than twenty-four (24) square feet.

I. Business Telephones

1. Prior to the issuance of a dealer's license, all applicants must have a telephone installed at the licensed address including main, branch and annex locations.

J. Locations

1. A separate license must be obtained for each annex or branch location. The Department may waive certain requirements for dealers when an annex lies within the radius of two (2) driven miles from the main place of business specified on the dealer's license and is to be used for the sale of used vehicles.

K. Brands of Motor Vehicles to be Sold

1. A dealer may only sell those brands of new vehicles as a "franchised dealer" that are listed on the license application(s) submitted by the dealer and approved by the Department. If a dealer wishes to sell additional brands of new vehicles, he must apply for permission to do so from the Department in accordance with R.I. Gen. Laws § 31-5.1-4.2.

L. Salesperson/Agent

1. No dealer shall be permitted to accept any motor vehicle transactions negotiated by a salesperson or agent during the course of his or her employment as a salesperson or agent for any other dealer. Dealers shall not permit individuals not actually in their employ and not actually selling vehicles for that dealer, to use the dealer's headquarters, premises, dealer plates, or sales documents when selling motor vehicles. Payroll records must be available to the Department on request. Any person buying motor vehicle(s) for any licensed dealership must use that dealer's company check to purchase such vehicle(s). The owner, a partner or a corporate officer of such dealership must also be authorized to sign the same company checks. Dealers must provide the names of salespersons to the Department immediately upon starting employment, even if the salesperson has been hired on a probationary/trial basis.

M. Title Preparation Fee

1. A motor vehicle dealer licensed by the Department may, in connection with the sale of a motor vehicle, impose a fee for the service of registering and titling said vehicle with the division of motor vehicles. Said fee shall be separately itemized on the bill of sale, shall be designated as "Title Preparation Fee" and shall not exceed twenty dollars (\$20.00). A motor vehicle dealer who, in connection with the sale of a motor vehicle, imposes a "Title Preparation Fee", shall provide to the purchaser a written statement which fully discloses the services to be rendered pursuant to the payment of the "Title Preparation Fee". Said services shall include:
 - a. preparation of the title application;
 - b. preparation of the sales tax forms;
 - c. preparation of any other forms required to title the vehicle, and
 - d. registering and titling the vehicle at the division of motor vehicles.
2. No dealer shall impose any other fees of similar meaning and/or for related services, such as, but not limited to: freight, handling, overhead expenses, vehicle preparation, etc., in an attempt to circumvent this rule.

N. Documentary Preparation Fee

1. A motor vehicle dealer licensed by the Department may impose a fee on vehicle transactions in excess of ten thousand dollars (\$10,000.00) for the preparation of various paperwork associated with the sale, financing, leasing, insurance, liens, warranties, federal and state disclosures and other procedures associated with the sale, leasing and financing of vehicles obtained or provided by the dealership. The fee may not exceed four hundred dollars (\$400.00). Any motor vehicle dealer who charges a documentary preparation fee in excess of four hundred dollars (\$400.00) or who charges any documentary preparation fee in connection with the sale of a motor vehicle for less than ten thousand dollars (\$10,000.00) shall be subject to the imposition of a fine and/or the suspension or revocation of their license.

O. Financial Requirement

1. In order that the purchasers of motor vehicles shall be adequately protected, all applications for a license must be accompanied by a financial statement prepared by a Certified Public Accountant (CPA) which must demonstrate a sufficient amount of cash and other tangible assets over and above all liabilities that would justify the issuance of such license. The Department may request a line of credit. The Department has the authority to request for inspection any and all documents pertaining to the business. A bond in the amount of fifty thousand dollars (\$50,000) for all motor vehicle dealers, and fifty thousand dollars (\$50,000) for moped and motorcycle dealers, payable to the Department, issued by a surety company authorized to do business in Rhode Island, must be filed. Said bond shall be filed yearly along with the dealer's license renewal forms and shall be in effect until December 31 of that year. This bond requirement will become effective March 31, 2009 for all existing dealers and applicants for dealers' licenses.

P. Hours of Business

1. The business of dealing in motor vehicles must be a full-time operation and such establishments must be kept open for business during normal business hours unless a sudden emergency makes it necessary to close, at which time the Department must be notified within two business days of closing.

Q. Display of Vehicles

1. All motor vehicles must be owned by the dealer, and all sales transactions must be made from the dealer's licensed place of business. Dealers shall not sell vehicles on a consignment basis. No dealer shall display a vehicle

other than at his place of business. The Department shall have the authority to make exceptions.

R. Inspection of Vehicles

1. No dealer of used vehicles, as defined by R.I. Gen. Laws § 31-1-19(b), shall sell at retail a used motor vehicle unless a new inspection of the vehicle conforming to the standards set pursuant to R.I. Gen. Laws Chapters 31- 38 and 31-47.1 has been conducted and the vehicle has a new certificate of inspection affixed to the windshield at the time of sale. A new inspection consists of an inspection conducted at a point no more than ninety (90) calendar days prior to the date of sale of a vehicle, or an inspection conducted no more than five hundred (500) vehicle odometer miles prior to the date of sale, whichever shall occur first. All vehicles offered for sale on a dealer's premises must have valid state inspection stickers affixed to the vehicles' windshields.

1.7 Administrative Policies – Motor Vehicle Dealers

A. Application

1. Every dealer must fill out an application for a dealer's license on a form prescribed by the Department. Every applicant for a motor vehicle dealer's license must furnish with the application four photographs showing front view, right side view, left side views, and the rear view of the premises, except in case of renewal.

B. Change in Members of a Partnership or Officer of A Corporation or Association

1. The Department must be notified within ten (10) days, in writing, on whatever forms the Department may require, if there is a change in members of a partnership or officers of a corporation or association licensed by the Department. If the location does not meet the minimum requirements, as amended then at least one (1) of the present owners, partners or corporate officers on record must remain on record for a minimum of six (6) months after the effective date of such change. The license is not subject to transfer at any future date without application to, and approval from the Department. The Department may revoke the license of a corporation when the officers are changed and the new officers are unfit to do business as a dealer under R.I. Gen. Laws § 31-5-11.

C. Retiring from Business

1. When a licensee retires from business, the licensee must return his or her dealer's license, dealer plates, temporary plates, and loan agreement

forms to the Department on or before the date of such retirement or closing.

D. Record of Vehicles Bought and Sold

1. Dealers are required to maintain a book or other system in which shall be recorded a complete description of all vehicles bought and sold, vehicles taken in trade, including the name and address of the previous owner and new owner, date of transaction, make of vehicle, year, type, model and motor number, and a copy of every title signed by the purchaser at the time of sale acknowledging receipt of or the presence of such valid/negotiable title. This book or other system shall be open for inspection by employees of the Department, division of motor vehicles inspectors, police, employees of the Department of Attorney General, or any other proper officers at all times during hours of business.

E. Bills of Sale

1. Every dealer must give a bill of sale with each vehicle purchased, and must maintain a copy of the bill of sale as part of the records required above in § 1.7(D) of this Part, above. The bill of sale must be numbered and contain the dealer license number, odometer reading, and must state what warranties are being given. If no warranty is given, this must also be stated on the bill of sale. The bill of sale for all used vehicles must also contain a notice to the buyer which clearly and conspicuously states as follows:
 - a. "Attention purchaser: Rhode Island law requires that all motor vehicles sold at retail must be in such condition as to pass a State safety inspection at the time of sale so as to protect consumers".

F. Titles

1. Title shall pass from the dealer to the consumer at the time of sale, unless such vehicle is to be registered by said dealer, then a maximum of twenty (20) days from the date of sale shall be allowed. Dealer must obtain a signed receipt from the buyer. The receipt must be kept by the dealer. If the dealer is not able to produce a receipt, it shall be presumed that the title was not given to buyer.

G. Special Use Vehicles

1. Demonstrators: The word "Demonstrator" shall be understood to refer to a motor vehicle which has never been sold to a member of the public; this term describes cars used by automobile dealers or their salespeople and shall be so identified in writing on the bill of sale when sold and/or advertised for the first time at retail.

2. Executives' and Officials' Cars: "Executive" and "Officials" motor vehicles must have been used by executives, personnel of a motor vehicle manufacturer, distributor, or a dealer, and shall be so identified in writing on the bill of sale when sold and/or advertised for the first time at retail.
3. Taxi-Cabs, Police Cars, Leasing Cars, Rental Cars, etc.: Such vehicles shall be so identified in writing on the bill of sale when sold and/or advertised dealer-to-dealer up to and including the first retail buyer. This rule shall apply to salvaged, restored, and other vehicles with extensive damage as may be determined by the Department.

H. Dealer Plate Allocation

1. The Department will allocate dealer plates in proportion to the amount of sales of licensed dealers. All new dealers shall be issued three (3) plates at the time of licensing. At the end of six (6) months, and from time to time thereafter, such dealer may apply to the Department for additional plates by establishing sales that would indicate its sales over a period of one (1) year. For each one hundred (100) sales per year, a dealer will be issued three (3) plates; this includes the three (3) plates originally issued. Any dealer engaging in the unconscionable practice of loaning or leasing a dealer plate is subject to immediate revocation of license. Dealer plates used by unauthorized persons shall be immediately seized by the Department or other appropriate law enforcement agency and the dealer to whom the plates belong will be subject to immediate revocation of license. Every year, upon renewal of a dealer's license, the Department shall review the prior sales of the dealership to determine whether or not the dealer is entitled to the number of plates already issued. In the event that the dealer's sales no longer qualify the dealer for the number of plates already issued to it, the Department shall have the authority to request a hearing before the Board at which time the dealer will be required to present all bills of sale from the prior year. A dealer must report all lost or stolen dealer plates to the Department. Any licensee who wished to replace a lost or stolen dealer plate must appear in person with a copy of a police report at the Department and execute an affidavit required by the Department. Any plate reported lost or stolen cannot be used upon being found or returned to the dealer. Dealers who desire additional dealer plates must apply, in writing, to the Department stating the amount and reason(s) for such a request, and in addition, must complete the form(s) required by the Department, subject to Department approval.

I. Dealership Name Change

1. Whenever a licensee wishes to change the name of their licensed dealership, a licensee may apply to do so on whatever form(s) the Department requires, providing the owner, partners, or corporate officers on record, remain on record under the new dealership name. A new

license certificate shall be issued upon approval of such change in dealership name, pursuant to Rhode Island Gen. Laws § 31-5-8, as amended. It shall be clearly understood that whether or not the new dealership name is that of a corporation, the licensee shall remain responsible for any prior happenings under that dealer license number.

J. Returned Checks

1. In the event a dealer provides the DMV with a check that is returned for insufficient funds, a fee of thirty-five dollars (\$35.00) will be charged in addition to interest on the original amount of the check. Interest shall be in the amount of one percent (1%) per month. Failure to make good on a returned check, including paying all applicable fees and interest, may result in suspension or revocation of the dealer's license or imposition of a fine.

1.8 Motor Vehicle Dealers – Servicemember's Civil Relief Act

- A. No dealer shall require the purchaser of a vehicle to submit a dispute arising from the transaction between the purchaser and dealer to any forum that does not acknowledge that it is a court or administrative agency for purposes of the Civil Service Relief Act, 50 U.S.C §§ 3901 – 4043. Any violation of this provision will be deemed an unfair and deceptive trade practice.
- B. It shall be considered an unfair and deceptive trade practice for any dealer to mislead or attempt to mislead a purchaser regarding his or rights under this section.
- C. A purchaser may only waive the protections under this section if the waiver is made in writing and after the dispute for which the waiver is sought has arisen. No pre-dispute waivers are permitted.

1.9 Advertising

A. Name and Address of Dealer

1. All advertising for the sale or purchase of any motor vehicle must disclose the licensed business name and address of the dealer, except classified advertisements, which need only contain the dealer's license number.

B. Price

1. No dealer shall advertise the price of motor vehicles unless such price is the full delivered price. Charges for freight, handling, vehicle preparation, overhead expenses, consultation fees, or any other fees that are inconsistent with these rules shall not be used in advertising nor included on the bill of sale.

2. When the price of a motor vehicle is quoted, the advertisement shall clearly identify the motor vehicle as to make, year and model.
3. The word "wholesale" shall not be used in retail motor vehicle advertising to imply that motor vehicles are being offered to the general public at "wholesale prices".
4. The price of motor vehicles shall not be advertised in relation to the vehicles "dealer cost", or words of similar meaning. "Invoice price" may be used provided the dealer provides the Department with the invoice issued from the manufacture substantiating any statements the dealer makes in advertising the vehicles prior to the use of "Invoice price" in any and all advertisements.
5. No dealer shall offer a motor vehicle with "cash rebates" or words of similar meaning, unless such rebate is in the form of a cash incentive given directly to the consumer from the manufacturer or distributor of said motor vehicle.
6. No price shall be used in the advertising for sale of motor vehicles unless a vehicle or vehicles are actually available at the price stated and as described. Whenever a price is advertised for a new motor vehicle, the stock number of that vehicle must be conspicuously placed in the ad, unless it is clearly stated that the vehicle may be ordered at such a price. If the ad states that the vehicle must be ordered and is not in stock, it must also state an approximate reasonable delivery date based on actual recent experience with delivery time for that particular make and model of vehicle.
7. Unsupported underselling claims are viewed as not in the public interest and shall not be used because it is obvious that no dealer can be fully informed about every competitor's prices at all times. This pertains to such statement as: "Our prices are guaranteed lower than elsewhere", "Money refunded if you can duplicate our values", "We guarantee to sell for less", "Highest trade-in allowance", "We give \$300.00 more in trade than any other dealer", etc.
8. Use of telegrams, cards, circulars, letters or other advertising containing such offered as "Would You Take \$..", "If I Could Get You \$...For Your Car", are condemned as deceptive and detrimental to the public's interest. Such devices have invariably been found to be inaccurate and to have been used unfairly to attract purchasers who were not given the trade allowances quoted.
9. Statements such as "Write Your Own Deal", "Name Your Price", "Name Your Own Monthly Payments", "Appraise Your Own Car", and phrases of similar import shall not be used.

C. Bait and Switch

1. Bait and switch advertising and selling practices shall not be used. A motor vehicle advertised at a specific price shall be in the possession of the advertiser and conspicuously displayed at the address given, unless the ad clearly states the vehicle must be ordered. It shall be willingly shown, demonstrated and sold or, as to a new motor vehicle floor model, orders shall be taken for future delivery of the identical model at the advertised price and terms. If the specific model advertised at a designated price is not available, as it has been sold subsequent to the placing of the ad, the advertiser shall, upon request of any interested buyer, show sales records of the advertised motor vehicle or motor vehicles which allegedly have been sold.

D. Bushing

1. Bushing is the practice of increasing the selling price of a car that was originally quoted to the purchaser, after the purchaser has made an initial payment, either with money or with a trade-in, or signed a contract. Such practice of bushing or similar practice is deceptive, not in the public interest, and shall not be used.

E. Trade-In Allowance

1. No specific price shall be stated in an advertisement as an offer for a trade-in, if the price so stated is contingent upon the condition, model, or age of the prospective buyer's motor vehicle, without so stating in the advertisement. The use of phrases such as "up to", "as much as", etc. shall not be considered an adequate explanation. Notwithstanding any provisions to the contrary in a retail sales agreement, no dealer shall decrease the value to a trade-in previously made part of a sales agreement because of additional depreciation from the time of the agreement until delivery of the new vehicle. This shall not exclude a dealer from re-evaluating a trade-in because of damage to the vehicle or removal of equipment after the sales agreement was entered into but before delivery of the new vehicle is completed.

F. Used Vehicles

1. When a used car of the current or previous year series is advertised in any media, the word USED or USED PROGRAM CAR must be shown as the prefix to the model year in the same size type. The stock number and current mileage shall also appear. EXAMPLE: Used (year) (make) (model) (stock number) (mileage)

G. Repossessions

1. The term "repossessed" shall be used only to describe such motor vehicles as have been presently and directly taken back from a purchaser. Advertisers offering repossessed cars for sale shall be willing to offer proof of such repossessions. An amount quoted as an unpaid balance shall be the full selling price unless otherwise stated.

H. Dealer Prep

1. No dealer shall charge its new car customers for "dealer prep" or other specified pre-delivery services when the manufacturer or distributor of the vehicle in question has agreed to reimburse dealer for such services, or when the dealer's agreement with the manufacturer or distributor contemplates that the dealer will adequately prepare the vehicle for delivery at no charge to the customer.

I. Free Equipment

1. No equipment, accessories, or other miscellaneous merchandise shall be described as "Free", "No Charge", or words of similar meaning unless such "Free" equipment, accessories, or other miscellaneous merchandise is from a manufacturer sponsored promotion and such promotion is substantiated in writing from the manufacturer and provided to the Department by the dealer prior to the use of "Free" in any and all advertisements. No cash awards or merchandise give-aways shall be offered. Trading stamps may not be offered with the purchase of a motor vehicle. No equipment, accessories or other merchandise shall be described as being available at minimal cost, in an attempt to circumvent this rule.
