

~~State of Rhode Island – Division of Taxation  
Motor Fuel Tax  
Regulation MF 89-04~~

~~Gallonage Adjustment to 60 Degrees Temperature~~

~~In the case of a tanker, barge or tank car delivery or receipt, distributors may adjust the quantity for report purposes to 60 degrees fahrenheit temperature. Tank truck deliveries are required to be recorded and reported at actual measured gallons and the tax applies to actual measured gallons.~~

~~R. GARY CLARK~~
