Hi Dawne,

I wanted to provide a comment in support of the proposed amendments to the Rules and Regulations for Landscape Architects.

As the Rhode Island Trustee to ASLA, I appreciate the Board's effort to update Rhode Island's regulations and bring the state into greater alignment with the current CLARB Uniform Licensure Standard and the evolving national approach to landscape architecture licensure.

I support the effort to provide clear and equitable pathways to licensure that recognize different combinations of education and professional experience, while maintaining the examination, experience, and professional standards necessary to protect public health, safety, and welfare. I believe these updates will help modernize Rhode Island's licensure framework, improve consistency with other jurisdictions, and support the continued growth of the profession in the state.

Thank you to you and the Board for the time and effort that has gone into developing these amendments.

Nate

ASLA Trustee – RI Chapter
